LEGAL NURSE SERVICES FINDS ANSWERS TO MEDICAL QUESTIONS.

Denver, CO April 25, 2009 – Friedman Medical Legal Consulting, LLC has updated its name to celebrate their commitment to providing Legal Nurse services to the community.

Friedman Medical Legal Consulting, LLC, previously Friedman Certified Legal Nurse Consultants, LLC provides vast and varied expertise for reviewing medical records, medical research, resources, understanding complex medical issues and educating attorneys, insurance firms, healthcare facilities, financial groups, clients and the community on medical issues.

A Legal Nurse Consultant is the perfect bridge into the healthcare system. Nurses know the healthcare system, know how to scrutinize medical records, medical research and are experts in educating the community. Having this expertise on your side for litigation preparation, project creation and community education will save time, and saving time is saving money. When you hire a Legal Nurse Consultant for your case or project, you are hiring knowledge, experience, accuracy, resourcefulness, creativity and cost effectiveness.

John Riddell, RN, BS, CLNC of Excellence Medical Legal Research and Consulting, LLC shares his review of using their services: *“Very top drawer treatment of the issues. I can tell you have struck the targets with force. You are a formidable researcher.”*

Friedman Medical Legal Consulting, LLC offers a wide range of services including case screening, defining medical standards, researching evidence based medical and nursing research, assistance with Independent Medical exams, and others, as well as Nurse Mentoring for career path, project creation and management, orientation and precepting programs.
